

Flagstaff Medical Center

Flagstaff Medical Center (FMC) was founded in 1936 by Dr. Charles Sechrist as Flagstaff Hospital. The

25-bed hospital was donated to the Flagstaff community in 1955.

Today, FMC remains a not-for-profit hospital governed by a volunteer board of directors.

Our hospital stands by its mission: *Flagstaff Medical Center will improve the health of the people and communities we serve.*

Some of our notable programs

- Level I Trauma Center
- Heart & Vascular Center of Northern Arizona
- Bariatric Surgical Weight Loss Center
- Spine and Joint Surgery Center
- Cancer Centers of Northern Arizona Healthcare
- Breast Cancer Resource Center
- Pediatric Intensive Care Unit
- Women & Infants' Center
- Palliative Care Program
- The Taylor House
- Caring Canines
- Music by the Bedside

You don't pay love back, you *Pay It Forward*

Maybe it was a thoughtful word, some special attention or a small act of kindness that brought you or a loved one comfort. As a not-for-profit healthcare facility, cutting-edge care and compassion go hand-in-hand at FMC. Our patients express their gratitude for the excellent care they receive through kind words, smiles, letters of thanks, and in many cases, they *Pay It Forward* through financial support.

A family touched by FMC's Pediatric Intensive Care Unit

Why *Pay It Forward*?

FMC's *Pay It Forward* program supports our community hospital's effort to continue to provide the highest quality healthcare. A tax-deductible gift of any amount helps FMC provide the latest in medical advancements at a moment's notice. From purchasing high-tech equipment, to providing continuing education for nurses and medical staff, your contribution helps to enhance the level of care our community has come to expect from FMC.

Support the program of your choice

When you *Pay It Forward*, you can direct your gift to the program of your choice at FMC, or you can leave it "undesignated" to allow maximum flexibility in how it is used. Many donations are made in honor or in memory of a loved one.

Financial gifts, large and small, help us help others who might find themselves in circumstances similar to yours.

Recognize a caregiver

Pay It Forward provides a way to say thank you to the physicians, nurses and healthcare professionals who may have made a difference to you or a loved one during your stay.

When you make a contribution to FMC in a caregiver's name, that person is notified of your thoughtfulness and is recognized by his/her peers for their commendable efforts. Most importantly, everyone is reminded of the positive impact their actions have on each and every patient, each and every day.

If you wish to recognize someone, please provide the person's name in a short note with your gift.
